
OUR TRIP IN ITALY

In the period from 14.7.2022. until 22.7.2022. young people from Zavidovići spent their time on an exchange in Alba. Eight days filled with workshops, excursions, entertainment, and getting to know each other left many impressions behind. It was attended by nine young

people and their mentor Dino Sinanović. The team from Bosnia was accommodated with Italian friends and their families, who warmly hosted us, for which we are very grateful. It was also another way to get to know different cultures. The workshops were varied and of course educational.

So, every day something new. However, everyone's favorite workshops were the circus workshops. With a professional team and equipment, we slowly developed the skills of balance, concentration, body position, juggling, trapeze figures and many others. We decided to show our skills with our performance on the street in Alba on 7/21/2022.

Of course, our time spent in Italy was not based only on workshops, but also on excursions and getting to know the city. On the second and third nights, we had the opportunity to attend two different festivals in Bra and Canale, where we had a great time.

The fifth day in Italy was reserved for going to Savona, a city by the sea. We spent the whole day there, exploring the city, the buildings, trying new food and enjoying the beach. And we explored our Alba in a special way: treasure hunt. A fun game where we learned something new and got to know the city through competitive spirit, teamwork and fun.

We achieved our exchange goal. We met new people, new culture, exchanged opinions, experiences, tried something new, learned something new, and showed our culture, food, traditions. The intercultural night, the sixth night of our stay, was responsible for that. A night where Italians and Bosnians exchanged their traditions through food, games, conversation. Much more could be said about this exchange, many more beautiful events, experiences, feelings could be shared. We returned home with wonderful impressions that haven't settled down yet and won't for a long time.

It was a wonderful and unforgettable experience that will hold a special place in the hearts of all of us.
